

To our customers

Ober-Mörlen, September 2012

Directive 2011/65/EU – Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS Directive)
Directive 2000/53/EC – Directive on end-of-life vehicles

Ladies and Gentlemen,

We refer to above mentioned directive and confirm that our products do not contain any of the following restricted substances above the limits defined:

EXMAR products contain none of the following substances:

- mercury (Hg)
- cadmium (Cd)
- polybrominated biphenyls (PBB)
- polybrominated diphenyl ethers (PBDE)
- decabromodiphenyl ether (DecaBDE)
- perfluorooctanesulfonic acid (PFOS)
- lead (Pb)
- hexavalent chromium

If you have any further questions regarding the EXMAR products you use or if you are not sure to which series the EXMAR parts you use belong, please contact us and we will gladly provide you with the necessary information.
