Wiha Maxiflex Hose System

Flexible hose system for fluids & air

Resistant to chemicals and solvents, non-conductive

Will not alter under pressure or machine vibrations

A practical holder allows you to set the hose for many diverse applications in fixed constructions

Available in 1/4" & 1/2" Diameters

Made in Switzerland

Maxiflex is a universal articulated hose system with the greatest flexibility. The broad range of hose joints, nozzles, threaded connectors, Y-junctions and in line valves allow for a perfect solution to every cooling or cleaning problem. A high quality and indestructible plastic, extensive design knowledge and precise manufacturing of all components ensures that this flexible hose system functions for each individual application without deforming. Adapters enable the user to expand the maxiflex and incorporate other flexible hose systems.

Besides transporting and distributing cooling and cleaning agents the Maxiflex offers more possibilities: use in air vacuum or blowing systems as well as the distribution of various solvents. A practical holder allows you to set the hose for many diverse applications in fixed constructions.

Product Features:

- Flexible hose system for cooling and cleaning in sawing, drilling, turning, milling, grinding and EDM applications 1/4" or 1/2"
- Dimensionally stable through tight fitting components. Will not alter under pressure or machine vibrations
- Resistant to chemicals and solvents, non-conductive
- Compatible with competitive systems
- Ideally suited for positioning and distributing fluids & air
